

Michigan Architectural Foundation MAF Education Awareness Grant Program Application

The Michigan Architectural Foundation (MAF) has announced a new Education Awareness Grant Program to support projects and programs that align with MAF's mission of advancing awareness of how architecture enriches life. Education Awareness Grants are intended to benefit students in Michigan under the age of 18 years old.

The mission of MAF is to advance awareness of how architecture enriches life. The goal of the Education Awareness Grant is to reach out, engage, and promote awareness and education of K-12 students as advocates of architecture and its benefit to society.

Thanks to funds provided by MAF and individual endowed funds within MAF, awards up to \$20,000 are available through this Grant Program. These funds may be awarded to a single recipient or to multiple recipients, at the discretion of the Grant Committee. Applicants must be a 501c3 organization. Applicants are encouraged to apply by email, submitting a proposal summary, project cost, activities, and how your project will advance the mission of MAF. Grant recipients are eligible to receive up to one grant per calendar year. Recipients must apply each year to be eligible.

Please complete the following application requirements and submit your completed application by email by April 1 of the application year to:

Tom Mathison, FAIA, Chair
MAF Education Awareness Grants Committee
